Students in the Global Leadership Exchange (GLE): Homelessness program spent four days in Tampa working alongside peers from the University of Tampa. Together, the two groups of university students critically examined the historical background, current needs, and existing support efforts for the Tampa homeless community. Throughout their time in Tampa, the students engaged with local community agencies, individual activists, and grassroots organizations working to provide services for homeless individuals. The University of Tampa students will visit KSU March 16th-19th to engage with agencies in Kennesaw and Atlanta, after which the GLE students will create advocacy videos based on the insight gained from this impactful exchange experience.
