Partnering for Potential

The CSL partnered with KSU’s Student Government Association to develop a four session leadership development series for SGA Interns and First-Year Senators. Using the Clifton StrengthsFinder 2.0 assessment as a guide, students explored how their core values, talents, and strengths can be used to make decisions that positively influence their actions with others to create sustainable change in the University. As a capstone experience, these student leaders are creating community engagement projects that will directly benefit the Marietta and the Kennesaw campus.

Custom Workshop Series:

Request a custom workshop for your class or organization. Below are a few of our many offerings:

- Strengths Based Leadership Series
- Foundations in Leadership
- Communication through True Colors
- Building Effective Teams
- Diversity and Inclusion
- Clarifying our Values as Leaders
- 5 Practices of Leadership
- Communicating as Leaders

Celebrate a successful semester with the CSL!

The Owl Leadership Fellows hosted the 1st Annual Leadership Workshop Weekend with CampusSpeak Facilitator, Chris Bruno. The event attracted over 50 participants and was held on the Marietta and Kennesaw campus Oct. 23rd - 24th.

The CSL participated in KSU’s Homelessness Awareness Week (HAW) Nov. 2nd – 6th. Two Thrive Learning Communities led the HAW kick-off this year with over 130 people in attendance. Our students were up for the ultimate challenge and slept out on the Marietta Campus for the entire night for those who sleep out every night.

As a component of the CSL’s Leadership Exchange Initiative, the University of Tampa traveled with 9 students to KSU Nov. 5th-8th. University of Tampa students partnered with KSU during HAW and participated in the sleep out challenge. The students also served with the Lost—found Youth Organization in Atlanta for a service project.
